

THE MINUTEMAN

A 53rd Troop Command Quarterly Newsletter

Message from the Commander

Soldiers and families of the 53rd Troop Command, I'd like to thank the 138th Public Affairs Detachment for assembling and publishing this newsletter.

Every single day, the Soldiers that make up our great organization are doing outstanding work for

the New York Army National Guard.

toward Memorial Day, take the time to remember those who died in the service of our Nation. Our freedoms and way of life are direct results of their sacrifices and we can never express our gratitude enough. Thank you for all you and your families do every day for the New York Army National Guard!

Mission First!

Brigadier General Michel Natali
Commander of the 53rd Troop Command

Whether deployed overseas, participating in a training event, or supporting domestic operations, the Soldiers of the 53rd represent the very best of our State and Nation. All too often their efforts and accomplishments don't get the recognition they deserve. This newsletter will tell our story and highlight some of the experiences and achievements of our Soldiers. I highly encourage you as Soldiers and leaders to share what your units are doing with the rest of the organization and welcome stories and input from the field.

In the recent months, we assembled and deployed in response to Winter Storm Stella, and we mobilized and deployed the 727th MPs to join the Soldiers from the 369th SB, 1156th Engineer Co. and 7th Finance overseas. Our missions continue and we are always ready.

As we bring the month of May to a close and head

Message from the CSM

Greetings, Soldiers and NCOs. As I circulate throughout the state and talk to Soldiers, the number one question that is always posed to me is “CSM how do I get promoted?” The second most popular question is “why am I not promoted?” Unfortunately, Soldiers still believe that there is some secret sauce behind getting promoted or it’s the good ol’ boy system. Not true! Believe it or not, each Soldier controls his or her own destiny while in uniform and has control over their promotion. Once a year, a group of senior NCOs gets together and reviews Soldiers’ records at each rank. The first thing we look at before conducting an evaluation of any Soldiers’ packet is to ensure they have completed Structured Self Development (SSD). If you do not have SSD completed, you will NEVER be considered for promotion to the next rank/grade.

Once SSD has been verified as complete, we look at the Soldier’s history of NCOERs, APFTs, height and weight, military and civilian schools, DA Photo, weapons qualification and a few other basic Soldiering categories. A minimum of five senior NCOs and officers will look at a packet and assign a score to the Soldier using a predetermined baseline. For example, SSG John Doe’s packet is looked over by CSM Cush who gives the Soldier a five (out of a possible six), CSM Piwowarski gives a five, CSM Lenz gives a four, CSM Lugo gives a five, and CSM Santiago gives a four. These scores are then added and establish the Soldiers ranking on the Order of Merit List. Every Soldier from the rank of E5 - E9 is graded the same way.

So, when Soldiers ask me how to get promoted, my answer is “always try to be the best Soldier (strive to exceed the standard) you can be every day and the rest will take care of itself.” Always remember you are not only competing against Soldiers in your unit but you are competing with approximately 6,000+ enlisted Soldiers who are also seeking promotion. If you are still not clear on how to get promoted, challenge your chain of command to better elaborate on it for you and if the answer they give still does not resonate, feel free to contact me directly: corey.k.cush.mil@mail.mil.

Senior Enlisted Advisor for the 53rd Troop Command

A Quick Guide to Promotions in the NYARNG

What is "The Board"

- Promotion Boards are convened annually (semi-annually for E6). This is a non-appearance board.
- For promotion from **SPC to SGT**, Soldiers' records do not appear before the board. Their promotions are calculated based on submitted packets alone.
- For **SSG and above**, soldiers records appear before a formal promotion board.
- Board members are experienced NCOs in good standing from each GOCOM who represent the diversity in the NYARNG and are senior to the Soldiers being boarded. M-day, AGR and Technicians are represented.
- The board evaluates Soldiers based on established Army Standards. It creates a consistent scoring method to ensure equality. The sum of each Soldier's qualities and qualifications, matters of record, past performance with the heaviest weight given to the recent past, and the Soldier's potential to serve in positions of greater responsibility will be considered objectively. Then the board develops the Order of Merit list (OML).
- Per Army Regulation 600-8-19, Enlisted Promotions and Reductions, Para 7-32, Soldiers may write to the president of the promotion board and are encouraged to do so, with factual information, only when something is not provided or if the Soldier feels will effect the board deliberation. ie you were on a temporary profile and did not take an APFT during your last rating period.
- "Selection" Boards for CSM and First Sergeant are done differently.

October is the unofficial start of the Promotion Cycle

The most up to date information is published every October through a Letter of Instruction (LOI) and NGB 4100.

Soldier, leader and full-timer responsibilities are outlined in the LOI & NYARNG 600-2.

Prepare for the Board

Soldier & Unit ensure the following are completed/current during annual records review:

- ❖ NGB 4100 (Enlisted Promotion Point Worksheet)
- ❖ The Enlisted Records Brief (ERB)
- ❖ APFT
- ❖ Weapons Qualification
- ❖ Updates to SIDPERS
- ❖ Updates to iPERMS (it's important to keep good records)
- ❖ No missing NCOERs
- ❖ Security Clearance is current if required
- ❖ DA Photo is current (E6 and above)
- ❖ DA Photo matches the ERB

Your Order of Merit List (OML) ranking is based on:

- NCOER performance
- NCOER potential
- Assignment history
- MOS proficiency
- Leadership assignments
- SSD/NCOES level
- School Performance from 1059s, including Exceeded Course Standards & Superior Ratings
- Military education other than NCOES
- Civilian education
- Appearance, DA photo (E6 & above)
- Weapons qualification
- Physical fitness (APFT)
- Height & weight
- Awards

Bottom Line:

Do your best in all of these and you will do well on the promotion board!

S - T - E - P

Select - Train - Educate - Promote

To be SELECTED for the rank of:	Time In Grade (TIG):	Time In Service (TIS):	Completed:	To be PROMOTED and pin on the stripes you must first complete:
SGT	12 Months	N/A	SSD 1	(Stay a Corporal until) Basic Leader Course (BLC)
SSG	18 Months	N/A	SSD 2	Advanced Leader Course (ALC)
SFC	36 Months	9 Years	SSD 3	Senior Leader Course (SLC)
MSG	36 Months	13 Years	SSD 4	Master Leader Course (MLC) once it's implemented 2017
SGM	36 Months	16 Years	SSD 5	Enrollment in Sergeants Major Academy – completion required to keep the rank

SELECTION; Once the above requirements are met Soldiers are ranked on an Order of Merit List (OML). Soldiers are then eligible to be selected. If selected they are moved into the position and perform there.

PROMOTION; Soldiers can be promoted (Pinned) only when the required NCOES is completed.

The 53rd Troop Command G-1 section exists to serve the Soldiers and the leadership of this command by providing human resources (HR) support in accordance with FM 1-0. I ask all HR professionals throughout our GOCOM to continue upholding the enduring HR principles of integration, anticipation, responsiveness, synchronization, timeliness and accuracy. The goal is to always provide assistance to our Soldiers and to provide our leadership with accurate HR advice.

We have seen many changes in recent months, and the Military Personnel Directorate has fielded new tools such as the electronic Transmittal Letter (eTL), which provides top-down visibility on all personnel actions and requests. This has decreased processing time for actions, such as separations and awards processing. These, along with many upcoming changes, have the potential to revolutionize the way HR support is provided to our most treasured resource—Soldiers.

Integrated Personnel & Pay System-Army (IPPS-A) At the end of May 2018, IPPS-A will go online for the NYARNG. This is a major undertaking, as it will eventually subsume all functionality of SIDPERS and RCAS. We have done a commendable job in the past decade of automating forms, but IPPS-A will eliminate the REQUIREMENT for the document in the first place. As a case study, look at transfer orders, which are done using RCAS MILPO Orders and still produces the order. A transfer approved by the appropriate levels in IPPS-A will simply move the Soldier and will be audit compliant. Be on the lookout for the training packages in the end of May 2017!

Blended Retirement System (BRS) Training Requirements

Soldiers with less than 4,320 retirement points as of December 31st, 2017 will have the option to opt-in to BRS. If they choose to not opt-in, they will keep their current retirement plan. Soldiers with more than 4,320 retirement points on December 31, 2017 will be grandfathered in to the current High-3 retirement plan. Soldiers entering the military after January 1, 2018 will automatically be enrolled in BRS. Soldiers eligible to opt-in must complete the mandatory JKO training, available at: <https://jkodirect.jten.mil> ; course number 1332.

Saving with the New Blended Retirement System
The Fiscal Year 2016 National Defense Authorization Act provides our military force with a modernized retirement plan built for retirement savings. Beginning in 2018, our service members can get **automatic and matching Thrift Savings Plan contributions** as well as mid-career **compensation incentives** in addition to monthly **annuities for life**. All service members under the current system are grandfathered into today's retirement system.

Today's Retirement System:
Annuity
 $2.5\% \times \text{Years Served} \times \text{Retired Pay Base}$
after completing 20 years of service

1 Automatic and Matching Contributions
Automatic contributions are seen immediately.

Your Contribution	DoD Base Contribution	DoD Matching	Total

2%	1%	2%	5%
3%	1%	3%	7%
4%	1%	3.5%	8.5%
5%	1%	4%	10%

The DoD automatically contributes 1% of your basic pay to your **Thrift Savings Plan** after 60 days of service. You'll see matching contributions at the start of 3 through the completion of 16 years of service, and... You're fully vested—it's yours to keep—as of the beginning of 3 years of service and goes with you when you leave.

2 Continuation Pay
Received at the mid-career point

You may receive a **cash payment** in exchange for additional service.

3 Full Retired Pay Annuity
Received after completing 20 years of service

Calculate your **retired pay base** by averaging the **highest 36 months of basic pay**. You'll gain this monthly annuity for life after completing 30 years of service.

By now all of our Soldiers should be familiar with the Structured Self-Development (SSD) requirements of the Noncommissioned Officer Education System. This training delivers high quality professional development across an e-learning platform. Soldiers can be paid up to 12 UTAs for completing an SSD module outside of drill or annual training. Readiness NCOs should request details through their chain of command on how to process these UTAs using Code 41 funds. Soldiers who have begun or completed SSD modules since January 2017 can be retroactively paid via this program.

The [SSD level I](#) course teaches initial term Soldiers to communicate ideas and thoughts clearly, recognize the need for strong character and values, demonstrate tactical and technical competence, and take initiative to become a lifelong learner by exploring interests and pursuing a civilian education. SSD level I is a prerequisite for the Basic Leader Course.

The [SSD level II](#) course prepares sergeants to react to cultural dynamics in the joint, interagency, intergovernmental, and multinational (JIIM) environment; develop self and subordinates to use sound and ethical judgement; be an agile and a multi-skilled leader even when information is ambiguous and uncertain. SSD level II is a prerequisite for the Advanced Leader Course.

The [SSD level III](#) course prepares staff sergeants by providing an opportunity to acquire the be-know-do model skills needed to lead a platoon-size element. Students will analyze and apply leadership development, mission command, cognitive dominance, and Army programs. SSD level III is a prerequisite for the Senior Leader Course.

The [SSD level IV](#) course prepares staff sergeants and sergeants first class for the [Master Leader Course](#). Soldiers will study organizational leadership, functions of a joint staff, principles of sustainment, the exercise of mission command, and the problem solving process. SSD level IV is a prerequisite for the Master Leader Course.

The [SSD level V](#) course prepares master sergeants for the Sergeants Major Course. Students will analyze leading change in an organization, receive an introduction to contracting and funding, understand the capabilities of multinational and inter-governmental agencies, and study contemporary legal issues. SSD level V is a prerequisite for the Sergeants Major Course.

Operational Camouflage Pattern Army Combat Uniform (ACU)

- Soldiers are authorized to wear the Operational Camouflage Pattern ACU starting May 2016. Sales will begin July 2015. Centralized issue for incoming Soldiers will begin January 2016 (2QFY16). Mandatory possession date is 1 October 2019.
- Soldiers are authorized to wear the sand or the Tan 499 T-shirt, sand or Tan 499 belt, and tan or Coyote Brown boots during the transition period which ends 30 SEP 2019.
- Tan 499 T-shirt color: Available starting May 2016.
- Tan 499 belt color: Available starting May 2016.
- Coyote Brown boot color: Available starting May 2016.

NOTE: Soldiers may wear OEF-CP or Operational Camouflage Pattern headgear with both OEF-CP Flame Resistant Army Combat Uniform and Operational Camouflage Pattern Army Combat Uniform.

Duty Uniforms

There are currently three uniforms that are authorized for wear by the Army: the Army Combat Uniform (ACU), the Operation Enduring Freedom Camouflage Pattern (OEF-CP), and the Operational Camouflage Pattern (OCP). The ACU, also known as Universal Camouflage Pattern (UCP), has been the primary duty uniform for the past decade. The Operation Enduring Freedom Camouflage Pattern (OEF-CP), also known as multi-cams, has been the primary uniform for those deployed to Afghanistan. And finally, the new uniform is the Operational Camouflage Pattern (OCP). All three are authorized for wear until September 30, 2019. After that date, only the OCP uniform will be authorized.

The 53rd Troop Command G-4 has pushed funding to our subordinate units to order the new OCP pattern. The fielding of this uniform is supposed to take place over the three years, so do not expect four full sets of uniforms right away. At this stage, all Soldiers should have received at least one set of uniforms. Please get with your unit's supply sergeant for the fielding plan.

Organizational Clothing and Individual Equipment (OCIE) Also known as TA-50 or wet and cold weather gear, ruck suck, etc. There is no fielding date set for

the new OCP OCIE. Expect to be mismatched between ACU OCIE and OCP uniforms for the foreseeable future.

Individual Duty Training (IDT) Lodging

This program, which was previously suspended, is now available to our Soldiers who live far from their home station armories. All E-7s and below who live more than 50 miles OR one hour (in the NYC area) from their armory are eligible for a hotel room during drill weekends. Please check with your unit if you are eligible and meet the requirements to utilize the program.

Time in Service:

From an interview with SGT Jelis...

“What matters most is getting the subjects to know you,” said Jelis. “The best thing has been the times I have been able to go out for a day and plug myself into an infantry squad, to go in and get to know the people I am shooting and get them to trust me, because I am willing to walk across the field or help the crew chiefs clean up.”

His advice to other photographers: “Don’t be afraid to mess up.” Photographers should try new camera settings and try new angles to find out what works for them.

“Every single event, every single exercise is another practice for the next one,” Jelis said. “Never be afraid to try something a bit different. Never let yourself get comfortable.”
