Rear Admiral (LH)
Ten Eyck B. Powell, III NYNM

From the Commander:

At the end of my comments in the spring issue of the New York Naval Militia News, I asked each of you to be ready to run, if the whistle blows. The electronic ink was barely dry on that issue, when a number of whistles began to blow! Let me recap some of the events of the past few months.

In May our spring exercise "Western Horizon" went very well. The intent of this exercise was to practice an expeditionary deployment of our Military Emergency Boat Service (MEBS), and to accurately muster personnel in and out of a militia event. Conducted on the grounds of the Willard State Correctional Facility in Seneca County over a weekend, NYNM again demonstrated the ability to utilize existing resources at low cost to the state, while providing

first class training to our members.

As the spring exercise began to unfold, NYNM was tasked by the Division of Military and Naval Affairs (DMNA) to provide manpower to assist with the state response to widespread flooding along the shores of Lake Ontario from the Niagara Frontier in the west, to Oswego in the east. NYNM responded immediately with volunteers coming from all over the state to help their neighbors. Under the command of LT Joe Painter, our detachment working at JTF "Lake Ontario" has included over 140 NYNM personnel and has provided over 12,000 man days of support to our neighbors.

In June, LCDR Matt Busse, the Commanding Officer of NOSC Rochester, and his staff, were gracious hosts for myself and the NYNM staff as we met with the Chief of Navy Reserve, Vice Admiral Luke McCollum. We briefed the admiral on the history and mission of the New York Naval Militia and how we interface with the Navy Reserve. Maintaining strong communications with all of our Federal services is part of my job as Commander, and is invaluable to have in place when emergencies occur.

The fast pace of events continued in July. NYNM embarked the Adjutant General, MG Anthony

German and his staff, as well NOSC New York Commanding Officer, CAPT Kate Standifer on a New York Harbor familiarization aboard PB 440 and PB 400. As you can imagine, one of the best ways to understand the complexities and challenges of providing civil support to New York City is to see the sheer size of the port area. Our boats and crews, under the command of CDR Don McKnight, performed flawlessly that day. Later in the month, the continued flooding on Lake Ontario resulted in the mobilization of two WESTCOM boats in support of maritime safety efforts along the shoreline. It has been a busy season for MEBS!

I note with pride the selection of AM1 Miller to Chief Petty Officer, NYNM and Corporal Vega to Sergeant, NYNM. Both men have distinguished themselves by their efforts on behalf of our organization.

As many of you know, Marine Aerial Refueler Transport Squadron 452 (VMGR-452), located at Stewart ANGB in Newburgh NY, had a tragic aircraft accident. The aircraft, with 15 Marines and one Sailor aboard, were lost. NYNM has 47 members who are part of VMGR-452; none were on the aircraft that day. Our thoughts and prayers are for their families and for all members of the squadron.

It has been a very busy few months. It is gratifying as a commander to watch our staff plan how we will execute a contingency mission, and then watch as our leaders execute that mission exactly the way it was planned. That does not happen without the concerted effort of our Sailors, Marines, and Coast Guardsmen. When the planners plan, they assume that the players will all do their jobs, but in the end, when the mission on the line, it is up to all of us to do our part.

Thanks to all of you who have pitched in this year.

Keep your sea bags packed!

The benefits of being a member of the N.Y. Naval Militia are many. The cover illustration represents just a few of them. This issue of the NEWSLETTER highlights the benefits and how to go about receiving them. Many of the benefits are enacted into New York State Law, as the New York Patriot Plan III. You will find below some of the details of this plan which brings great benefit to both militia members as well as Reservists. Other benefits are found in the education law, vehicle and traffic law, and others. Some of these benefits apply to all members, some only to those that are also drilling Reservists of the U.S. Coast Guard, Marine Corps, or Navy. Some are for New York State residents only. Later in this issue, you can find tables of the various programs that have been made available and how they interact with other programs that are offered by the State. We encourage you to take advantage of these programs to the fullest extent.

From the Chief of Staff:

Perhaps the greatest “Benefit” I believe in being a part of the New York Naval Militia is continuing to “Serve”. Active Drilling Reserve members can continue to serve on State Orders along with former and retired Navy, Marine Corps and Coast Guard members. People join the Armed Forces of the United States for many varied reasons. Service to our fellow citizens of the United States of America is often cited as a primary reason for joining one of the “Services”. Why else would Military Service be called “Service”? We belong to the New York Naval Militia and we are able to respond to the needs of our fellow New York State residents in a

spirit of “Service”. What greater benefit can there be? Recently I watched the movie “Hacksaw Ridge” that is based on the true story of PVT Desmond Doss. During his trial Private Desmond Doss said: “...I need to serve. I got the energy and the passion to serve...” PVT Doss then went on to become the first Conscientious Objector to earn the Medal of Honor. Thank you to everyone that wears our Uniform and serves our State and our Nation.

SGLI Reimbursement:

As befitting a “Benefits Issue”, the annual SGLI reimbursement cycle is just around the corner. Applications for SGLI reimbursement must be received at Naval Militia headquarters in DMNA Latham by October 31st.

Applicants must be an active member of the NY State organized Militia and on active duty that does not include training. A change this year is that if an individual attended training during their State Active Duty or Title 10 Active Duty those days will be deducted from reimbursement.

Do not send your applications to DMNA office of Human Services or Finance, all applications must go through the Naval Militia Headquarters for verification of Militia status.

Wearing the Uniform:

Another “benefit” I hear from our members is: “The benefit of continuing to wear my military uniform.” This is an outstanding benefit of the New York Naval Militia. Our Uniform Instruction is located on our web site: http://dmna.ny.gov/forms/naval/NYNMINST_102_0.1B_Uniform_Regulations.pdf. Please become familiar with our instruction and ask if you have any questions.

Wearing the Naval Militia Uniform, just as wearing the Uniform of Federal Services, means that you represent the State of New York and are subject to the orders of the Governor of New York. Only wear the Naval Militia Uniform when you are on New York State naval Militia business. You are on Naval Militia business when you have Naval Militia orders. You can wear your Naval Militia uniform at ceremonial events or religious events such as funerals, weddings, military balls, and relief society

events. However, if the event is a public event or ceremony DMNA must be informed prior to the event to ensure there is no conflict with scheduled Public Affairs participation.

Medals and Awards:

DMNA has various awards authorized by New York State for members of the Military and the Militia. DMNA Regulation 672-1 lists many medals and awards available to Naval Militia members. These awards are New York State Awards and can only be worn on your State Uniform and not on your Federal Uniform if you are still serving in the Drilling Reserves. Of particular note are the Conspicuous Service Cross, the Medal for Merit, and the Conspicuous Service Star. These NYS Medals are medals to recognize your achievements in your Federal Career if you received awards such as the Meritorious Unit Commendation, a Navy-Marine Corps Achievement Medal or a Bronze Star to name a few. Contact your Naval Militia Headquarters if you would like assistance in the application process.

**COLONEL GOUVERNEUR
MORRIS CITIZEN SOLDIER
AWARD for 2016.**

MTC Bob Morisseau, of Albany with The Adjutant General.

Selected as the recipient of the Citizen Soldier Award from the nearly 20,000 members of the N.Y. Military Forces; including the Army National Guard, Air National Guard, N.Y. State Guard, and N.Y. Naval Militia.

In his civilian work, Chief Morisseau is an IT/Network Specialist for Albany County. He has contributed broadly as a member of the New York Naval Militia, and various community organizations and activities.

In this past year, he has been a spearhead to the development of the new MEBS Command Post trailer broad spectrum of communications capability. As a result of his efforts, the CP trailer boasts not only VHF and CB frequencies, but also internet, HF, and satellite phone capability.

-He is a qualified MEBS boat coxswain and is instrumental in the teaching and mentoring of younger members. He also has completed all required instruction and training in FEMA courses, Information Assurance, and JRSOI.

-He also participates in numerous Naval Militia command events, training, and conferences; all on a voluntary no-pay basis.

Particularly active in the community, he recently completed a two-year commitment as County Commander of the American Legion, for Albany County. In that role, he was responsible for 17 American Legion posts and approximately 3,000 Legionnaires. Stepping down as County Commander in June 2016, he currently serves as County Membership Chair, and the Veterans Day ceremony organizer.

Along with the Capital District Chief Petty Officer Association, he participated in the August 2016 dedication of Medal of the Honor recipient Peter Van Hoesen, in Coeymans.

He taught U.S. Navy Sea Cadets about the NY Naval Militia.

As a member of the Albany-Saratoga Submarine Veterans, he participated in the dedication of 40 miles of Route 9 in Saratoga County as the U.S. Submarine Veterans Highway.

OPERATION LAKE ONTARIO FLOODING '17

Lake Ontario receives the outflow from the other four Great Lakes. The outflow for Lake Ontario is the Saint Lawrence River which passes through Canada, including Montreal.

As a result of excessive rain and snow melt in the Midwest and Northeast, the water level of the Great Lakes, and especially Lake Ontario reached historic flood stages starting in April 2017.

sand-bagging operations along the southern coastline of the lake. On May 18th, an additional call-up was made that included the N.Y. Naval Militia. Since that time, over 140 Naval Militia personnel have been placed under paid State Active Duty orders in response to the emergency.

Operating out of the Patriot Way Armory in Rochester, the joint task force responded to numerous sites including Sodus Point, Hilton, and Greece, N.Y.

Commencing 2 July, Operation Lake Ontario Flooding added a MEBS component. Due to the high water levels on Lake Ontario, the state imposed a strict no-wake zone within 600 feet of the shoreline to minimize damage to property. Due to violations of this rule, two MEBS teams formed Contingency Det 5, operating out of Rochester and Olcott. The two teams have been providing daily coverage of the waters off Monroe and Niagara Counties since then.

Exercise Western Horizon '17 19-20 May 2017

Exercise WESTERN HORIZON 2017 was a new event undertaken by the New York Naval Militia to test the force structure and capabilities of the organization to respond to a scenario within a given geographic region. WESTERN COMMAND (WESTCOM) is comprised primarily of Reserve Navy and Marine SELRES from the NOSCs located in Buffalo, Rochester and Syracuse. Exercise WESTERN HORIZON 2017 was intended to utilize a crew that was primarily composed of WESTCOM Region members.

The entire exercise scenario was being designed as a one-day event, with participants arriving on Friday, May 19 and departing by 1700 on Saturday May 20. The new PAT Team members arrived earlier on Friday in order to receive training on JRSOI procedures and other administrative training. This group included three new PAT Team members plus those designated to provide the training.

In addition to the primary goal of mobilizing an entirely Regional force for the exercise, a secondary goal was the formation, training, and utilization of an entirely new Regional PAT (Personnel Action Team) Team. The formation of this Regional unit would not only support local operations, but be available to travel to remote sites for exercise or emergency response activities.

The MEBS detachment used the ramp at the marina located at Sampson State Park to put boats into the water, and then used the waterfront pier at the Willard State Training Facility as a Base of Operations. This served as good experience for operating on the Finger Lakes, and Seneca Lake in particular.

The MEBS Command Post trailer was parked at the pier on the waterfront of the Willard Training Facility. Communications, including HF were tested in support of the exercise.

BENEFITS

As a member of the N.Y. Naval Militia, you have earned benefits from the State of New York and other organizations.

This information is good not only for general Naval Militia members, but also NYS Veterans. This section is broken down into three parts and reflect similar, but not necessarily the same benefits. You should read each section based on your status to determine the applicable benefits. The four sections are:

- 1) Free passage on NYS/ NYC Toll Roads, Bridges and Tunnels.
- 2) Recruitment and Retention Incentive Program. Applies to eligible college-bound NYS residents working on a degree program up to their first bachelor's degree. Currently, the program offers up to \$6470 per year for the Fall and Spring semesters at approved NYS colleges. <http://dmna.ny.gov/nynm/?id=education>.
- 3) NYS Patriot Plan III. Applies to all members of the active list of the N.Y. Naval Militia.
- 4) State Active Duty Benefits. Applies to all members serving on State Active Duty orders. Some orders are under NYS Military Law Section 6, and others are under Section 46. The difference is important when it comes to benefits.
- 5) NYS Veterans Benefits. Applies to all Veterans in NYS.

**FREE PASSAGE ON NYS/ NYC
TOLL ROADS, BRIDGES AND
TUNNELS.**

militia shall, together with the conveyance in his charge and property of the state or of the United States in his charge, be allowed to pass free through all toll-gates and tunnels and over all toll-bridges and also over all ferries if he is in uniform or presents an order for duty or certificate of an order for duty.

The methods authorized to allow free passage include:

Thruway and Upstate toll bridges: Use DMNA TAG 9 for free passage instead of EZ Pass. For State or Federal drills only.

NYC Bridges and Tunnels under the Triborough Bridge Tunnel Authority. Use TBTA tickets instead of EZ Pass. For State or Federal drills only.

With the advent of electronic tolling, primarily in NYC, we realize that providing a toll pass to a ticket-taker in a toll booth is often no longer available. DMNA is working with other agencies to determine a suitable solution.

Recruitment and Retention Incentive Program

The Recruitment Incentive and Retention Program (RIRP) is a New York State program designed to recruit and retain quality members for the New York National Guard and the Naval Militia. Any New York State resident active member of the Naval Militia, in good standing, is eligible to apply to receive tuition assistance, up to the cost of the State University of New York's (SUNY) maximum in-state undergraduate tuition, at any college, university, or community-technical college in the State of New York recognized and approved by the New York State Board of Regents or State University of New York.

The following are the basic eligibility requirements. In addition, see DMNA REG 621-1:

- Be in good standing with your parent service and the Naval Militia;
- Be accepted and enrolled in college in an undergraduate, degree-producing program for a minimum of six (6) credit hours per semester or four (4) credit hours per quarter;

- Maintain eligibility for the entire period of your application;

- Be a resident of the State of New York for a period of 186 days prior to using the program for the first time and 186 days per year, excluding Active Duty periods.

Financial benefits

State Active Duty Pay. New York State Military Law has been amended to raise the minimum daily pay of service members performing under Military Law in an emergency situation on state

active duty from \$100 to \$125. This provision affects mostly junior enlisted members in the grades of E-1 through E-4.

Exemption from New York State Income Tax, State Active Duty. New York State Tax Law is amended to exempt from state income taxation any state military pay received while serving on any "emergency" state active duty under New York State Military Law. Service members who received SAD pay will receive the state tax benefit when they file their New York State Tax Return (Forms IT 201 or IT 203).

Termination of Motor Vehicle Lease Contracts. Permits individuals who enter into a car lease prior to entering active military service to break the lease upon entry into active service. Must have entered state or federal active duty, other than for training, after entering lease. Also applies to spouse as co-signer of lease.

Extension of Deadline to Pay Real Property Taxes. Localities are permitted, at their discretion, to extend the payment period for any tax owed on real property. Eligibility is limited to a person who has been ordered to active military duty, other than for training, for a period beginning with a declaration of war by Congress or during any periods of combat designated by presidential executive order or during hazardous ("imminent danger") duty. This benefit is contingent upon the passage of a resolution by the effected municipality authorizing the extension.

Professional Licensing Benefits

Waiver of Professional Continuing Education Requirements and Extension of Professional Licenses. Any professional license, certificate, or registration that expires while the holder is engaged in active military service shall be automatically extended for the period of active service plus 12 months after the end of the service. Applies to federal and state active duty, other than for training.

Extension of Certification for Emergency Medical Technicians (EMTs) and Other First Responders. Certifications for EMTs, advanced EMTs and certified first responders who have been ordered to active military duty, other than for training, may be extended by the Department of Health. The period of extended certification is the entire period of active duty, plus 12 months. Applies to state and federal active duty, other than for training.

Waiver of Professional Licensing Benefit Clarification. When military service is partially within a licensing, registration or certification period, applicable continuing education requirements shall be reduced proportionately so that the individual is not required to complete those requirements while in military service. This shall not apply to limited permits or other credentials issued for a period of two months or less and shall not extend the terms of a limited permit that expires for reasons other than the passage of time.

Other Benefits

Free Hunting and Fishing Licenses. Free hunting and fishing licenses may be issued to all active (e.g., drilling) New York resident members of the state organized militia or the reserve components of the U.S. Armed Forces. Supplemental Burial Allowance. This allowance is a state allotment of not more than \$6,000 paid to the surviving spouse, domestic partner, adult children, parents, or other family member of the deceased, depending on who paid the cost of the funeral and burial. To receive the benefit, the deceased must have been killed on federal active duty in combat or duty subject to hostile fire or imminent danger.

Recognizing Employers and Businesses. The Empire State Development Corporation administers two programs, the NY-USA Proud Employer of Distinction Award and the Patriot Support and Discount Program, aimed at recognizing employers and retailers in New York State who show extra support to members of the military.

Benefits Granted to Dependents. New York State Military Law is amended to state that a dependent seeking a benefit given by statute to a service member may first apply to the agency, private party, business, etc. for the statutory benefit (e.g., interest rate reduction) and that the benefit shall be granted unless it can be shown that the dependent is not materially impaired (e.g., economically) by the deployment of the service member (and loss of the service member's civilian compensation). The amendment makes it unnecessary for a dependent to apply for a court order first. The amendment permits applying for a court order if necessary.
